

CURRICULUM VITAE FOR EMMANUEL PHIRI

PROFILE

Energetic and motivated Geology student with a passion for the geologic industry. Excellent problem-solving and communication skills with a collaborative approach to work. Seeking an attachment to gain hands-on experience and contribute to the success of a dynamic geological organization

PERSONAL DETAILS

First Name : Emmanuel
Surname : Phiri
Date of birth : 11 January 2000
Nationality : Zimbabwean
ID Number : 38-2013479R-02
Gender : Male
Religion : Christian
Marital status : Single
Languages : English, Ndebele, Shona and Venda

WORK EXPERIENCE

Company name : Power Pick Investments
Job Title : Runner (Clearing agent)
Responsibilities : Coordinating the movement of goods through customs, tracking the status of the shipment, arranging payments of duties and taxes, negotiating with customs officials and keeping customs informed of any delays or problems.

EDUCATION

O LEVEL

YEAR : 2018
SCHOOL : Vhembe High School
Passes : 9 Subjects
(Including Maths and Chemistry)
Examination Board : Zimsec

A LEVEL

YEAR : 2020
SCHOOL : JZ Moyo High School
Passes : 4 Subjects
(including Maths)
Examination Board : Zimsec

TERTIARY LEVEL

Period : 2022 to date
Institution : Midlands State University
Program : Bachelor of Science Honors degree in Applied Geology

HOBBIES

- Exploration- and camping
- Chess
- Rock and mineral identification
- Reading
- Coding

CARRIER OBJECTIVE

To be a competent and aspiring Geologist with a strong understanding of geology and the skills to apply my knowledge to solve problems and advance the field of geology. I aim to use the knowledge gained from my studies and industrial attachment to become a valuable asset to the geology community.

SKILLS

- Business etiquette.
- Computer proficiency.
- Proposal and report writing.
- Creative and strategic thinking skills.
- Conflict mediation and resolution.
- Teamwork skills.
- Planning and Logistics.
- Excellent communication skills

ARCHIVEMENTS

- Developing a strong understanding of GIS software.
 - Acquired field experience through feild trips in mining sites,gaining exposure to real world geology and mining operations and challenges
 - Active member of MSU Student Geological Society, and ZINIRE, organizing events and participating in all events, including field trips to enhance industrial knowledge and network with industry professionals
 - Completed relevant certificate such as WIPO certificate.

**FACULTY OF ENGINEERING AND GEOSCIENCES
DEPARTMENT OF GEOSCIENCES**

.....
Dear Sir / Madam

**RE: REQUEST FOR WORK RELATED LEARNING PLACEMENT FOR
EMMANUEL PHIRI.....REG NUMBER. R229207M.....**

This letter serves to introduce to you the Department of GEOSCIENCES at the Midlands State University, Zvishavane Campus. The Department is in the Faculty of Engineering and Geosciences and offers 4 - year degree programmes (Applied Geology & Exploration Geophysics), which ultimately enables the student to be a versatile, effective and confident participant in the working world. All Midlands State University students are required to go for Work Related Learning (WRL) in their third year level of study for a period not less than six calendar months and not more than a year. The period stretches from 1 June 2024 to 31 July 2025. The Work Related Learning period is designed to give students hands on experience. Students in the Department of Geosciences are unique and versatile because of the modules they take under the University's concept of Flexible Packaging. Most of the

modules offered in the Department are industrial, research and development oriented. The ultimate goal is to equip them with varied skills which should prepare them to pursue different careers. Under Geology areas of employment are not limited to entrepreneurships in mining and mineral exploration at all levels including top management. Government; Mining companies; Engineering companies; consulting companies; Research institutions and Universities. The areas of study includes Mineralogy, Petrology, Structural Geology & Tectonics, Mineral Deposits, Mineral Exploration,

Below is list of the modules done in their first and second years of study:

- CSENG 131-Communication Skills
- HGEOL 111-Introduction to Geology
- HGEOL112-Environmental Geoscience
- HEGP113-Foundations of Physics
- HEGP114-Mathematics Foundations
- HGEOL113-Principles of Chemistry
- HGEOL116- Computers for Geoscientists
- HGEOL121-Mineralogy and Crystallography
- HGEOL122-Igneous Petrology
- HGEOL123-Metamorphic Petrology
- HGEOL124-Structural Geology
- HGEOL125-Stratigraphy and Sedimentology
- HGEOL126-Earth Systems, Geomorphology and Paleontology
- HMINE128-Computer Science for Engineers
- HGEOL211-Geochemistry
- HGEOL212-Research Methods and Technical Writing
- HGEOL213-Mineral Deposit Geology
- ENT205-Entrepreneurship
- HEGP116-Introduction to Geophysics
- GS231-Introduction to Gender Studies
- HGEOL221-Mineral Exploration
- HGEOL222-Engineering Geology and Hydrogeology

HGEOL223-Geological Field Mapping

HGEOL224-Geomodelling and Mineral Resources Estimation

HGEOL225-GIS and Remote Sensing for Geology

HGEOL226-Isotope geology and Geochronology

Our students can work or assist in various areas as Geologists, researchers in mining etc.

Your cooperation in accommodating and assisting our students in your institution will be greatly appreciated.

For further information on Work Related Learning, feel free to contact the department.

THANK YOU.

Yours faithfully

Chima P
(Chairperson)
